DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on 02/19/2007 is acknowledged and has been entered into the records. Claims 1-16 are currently pending in the application and claims 17-20 has been cancelled. However, after a careful review, it has been determined that claim 1 has certain defect, which is the subject of this office action.

Claim Rejections - 35 USC § 112

2. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 1, there is a lack of structural relationship between an articulated white reference and the rest of the components of the system. This has made the claim vague and indefinite. Appropriate correction is required.

3. Claims 2-9 are objected to because they are dependent on a rejected base claim.

Allowable Subject Matter

4. Claims 1-16 have allowable subject matter.

5. Claim 1-9 would be allowable if amended to overcome the 35 U.S.C. 112 rejections of claim 1 above.

6. Claims 10-16 are allowable.
